FACTURAS EMITIDAS CON ERRORES

Aumenta SAT 'castigo' a contribuyentes

FELIPE GAZCÓN

Alrededor del 12 por ciento de los contribuyentes tuvo que pagar los platos rotos a causa de que quienes les emitieron facturas presentaban problemas de cumplimiento con el SAT, lo que derivó en una reducción en su devolución de impuestos.

Oscar Sosa, director para México de TaxDown, explicó que el año pasado se tenía un porcentaje de pago parcial de devolución del 3 al 4 por ciento, pero este año se elevó a 12 por ciento.

"Esto se debió a que el SAT se puso a revisar bien las facturas y a ver qué contribuyentes no estaban

pagando bien sus impuestos y por ende las facturas que emitieron no fueron sujetas de ser deducibles", explicó.

"Eso no debería ser culpa de sus clientes: si alguien va al doctor y éste no cumple bien con sus obligaciones, al contribuyente que contrató sus servicios no lo debería de afectar en su devolución", lamentó.

El problema es que quienes salen castigados son los usuarios de los bienes y servicios de quienes no están cumpliendo bien con sus obligaciones fiscales, en lugar de que el SAT los haga cumplir, advirtió.

Por otra parte, Sosa explicó que durante el mes de julio el SAT se puso al corriente, debido a que se estima que logró pagar un 70 por ciento del total de las solicitudes de retorno de impuestos.

Detalló que el monto promedio general de devoluciones de este año rondó los 4 mil 600 pesos.

El experto indicó que para niveles salariales por debajo de los 300 mil pesos al año el retorno de impuestos fue cercano a los 2 mil 200 pesos.
